

TEEN SPOTLIGHT

LANE ERTMAN

Embracing growth, leadership, and new adventures

WRITTEN BY LEDGEVIEW RESIDENT AND FRIEND MISHA NARENDRA

Lane Ertman is currently a senior at Notre Dame de la Baie Academy. For fun, he enjoys watching sports, playing basketball, tennis, and card games. His experience at Notre Dame Academy has been great, providing him with a space to grow as an individual while also receiving a quality education and pursuing his faith alongside his academic goals.

Lane's favorite subject is history, a fascination he has had since grade school. Over the last two years, he has had the opportunity to take part in IB History, which has deepened his love for the subject. The class environment has encouraged him to work independently, draw his own conclusions, and develop critical thinking skills. This challenge has made the learning process even more rewarding for him.

At Notre Dame, Lane has played varsity tennis since his sophomore year and is serving as a captain this year. He has also run cross country all four years. Additionally, he played intramural basketball during his junior and senior years and was a

captain as a junior. In his junior year, he also became the club leader of the Ultimate Disc Club.

Beyond athletics, Lane had the privilege of going on a mission trip to Mississippi with his classmates last year and attending an overnight Fiat Retreat. He hopes to leave behind a legacy of hard work and maximum effort in everything he does. Being at Notre Dame has provided him with numerous opportunities to participate in faith-based activities. While faith has always been a part of

his family, choosing to engage in it on his own has had a profound impact on his high school experience.

For the rest of the year, Lane is excited about another mission trip in March and the upcoming tennis season in the spring. Looking ahead, he is eager to attend college and experience life in a different community. While he has loved growing up in the Green Bay area, he has always wanted to live in a new environment, and college is the perfect opportunity for him to do so.
